Riddle

Marcia McConnel from Financial Aid
She spoke about Financial Aid awareness week. Financial Aid wants students to be aware of all the services they offer. Financial Aid started an electronic newsletter. They are giving away FREE money. (Eddie's note: from an economic standpoint, nothing is free. We are actually paying for our own scholarships in some indirect way. Don't get too excited.) YAY, free money! The Financial Aid Dept. now monitors our academic history. We must have a 2.0 GPA in order to receive financial aid.
