

Could your bank account survive a serious illness?

Be prepared with group critical illness insurance from Unum.

Who's at risk?

- The risk of developing cancer over a lifetime is approximately 1 in 2 for men and 1 in 3 for women.¹
- Advanced cancer drugs can cost as much as \$2,500 to \$10,000 per month.²

Key advantage

You can use this coverage more than once. If you receive a full benefit payout for a covered illness, your coverage can be continued for the remaining covered conditions. The diagnosis of a new covered illness must occur at least 90 days after the most recent diagnosis. Each condition is payable once per lifetime.

Three reasons to buy this coverage at work

1. You get affordable rates when you buy this coverage through your employer, and the premiums are conveniently deducted from your paycheck.
2. Coverage is portable. You may take the coverage with you if you leave the company or retire without having to answer new health questions. Unum will bill you directly for the same premium amount.
3. Coverage becomes effective on the first day of the month in which payroll deductions begin.
