## Language Pre-Sessions: Brush-Up for Study in HOST LANGUAGE

Many sites offer language pre-sessions to help students brush up their German before classes. It is often included, but depends on the university. If students plan to participate in an intensive language program, a pre-session most likely can’t be provided since much of what would be included in a language pre-session will be covered during the semester. Please consult the ISEP Catalog’s German Language Chart for more information.

When consulting this chart, make sure that the site of interest is an international-to-international member.
