

FOR THE STUDENT RESEARCH AWARD RECIPIENT

Name:

Major:

Class year:

Student Work Assignment:

Hometown, state:

Please write a brief note (one page is fine) telling the donor a little about yourself – for example, you might talk about what your professional goals are and why this interests you. Also talk about your research project (in non-technical terms), what you are learning or have learned from the research or project experience, whether you will continue working on the project, how this scholarship enriched your educational experience, how it might or will impact your future, your work on campus (especially if it is related to your research or professional goals), what your plans are after you graduate from Berry. And finally, express your appreciation for their support which made your experience possible.

Note: Note: If you use an envelope, please do not seal it. Notes should be sent via Campus Mail to the Council on Student Scholarship, Box 495006. Your note will be forwarded along with others to the Donor.

FOR THE FACULTY MENTOR

Project/research title:

Faculty mentor/Principal investigator:

Students:

Please write a brief note of appreciation (one page is fine) telling the donor a little about the scholarship recipient from an academic perspective – for example, you might touch on their academic interests, enthusiasm for the subject, their potential in the field, their commitment to the work, that sort of thing. Talk about the project (in laymen's terms), what the student is learning from the experience, how the work will impact their future, how the money was used, whether the work will be continued in the next academic year, and anything else that you believe would demonstrate to the donor that his or her generosity has enriched the educational experience and/or future of a Berry student.

Note: Note: If you use an envelope, please do not seal it. Notes should be sent via Campus Mail to the Council on Student Scholarship, Box 495006. Your note will be forwarded along with others to the Donor.
