The Clery Act requires all institutions of higher education to publish an annual report of security policies and crime statistics. The Higher Education Opportunity Act of 2008 also requires an annual report containing information on campus emergency response and evacuation procedures, emergency notification, additional hate crime reporting and fire safety policies and statistics. This report is made available to all current and prospective students and employees. Berry College sends an e-mail to every enrolled student and current employee on an annual basis to notify that the report is available to be viewed which includes a .PDF file containing the report's direct link. Printed copies are available, at no charge, upon request and are available in person at the Berry College Police Department (located at Oak Grove Cottage) during regular open hours or by contacting the Berry College Police Department (Campus Extension 6999 or 706-368-6999).

The report is due by October 1<sup>st</sup> of each year and must contain certain crime statistics for the most recent three-year reporting period.

# BERRY COLLEGE

## Welcome To Berry College

Berry was founded in 1902 by Martha Berry (1865-1942) as a school for enterprising rural boys when few public schools existed in Georgia. A girls' school was added in 1909. Berry became one of the nation's most successful educational experiments, combining academic study, student work and an interdenominational Christian religious emphasis. Berry has an excellent record of sound growth. A junior college was established in 1926 and a four-year college in 1930; graduate programs were added in 1972.

For more than a century, Berry College has emphasized the importance of a comprehensive and balanced education that unites a challenging academic program with opportunities for meaningful work experience, spiritual and moral growth, and significant service to others. This commitment to providing a firsthand educational experience – expressed as “Head, Heart and Hands” by college founder Martha Berry – remains just as relevant today as it was when the institution was founded in 1902.

Nationally recognized for both quality and value, Berry is an independent, coeducational college of approximately 2000 students that offers exceptional undergraduate degree programs in the sciences, humanities, arts and social sciences, as well as undergraduate and master’s level opportunities in business and teacher education. Students are encouraged to enrich their academic studies through participation in one of the nation’s premier on-campus work experience programs, and more than 90 percent take advantage of this unique opportunity to gain valuable real-world experience prior to graduation.

Berry College is located near Rome on U.S. 27 in Northwest Georgia, 72 miles northwest of Atlanta and 75 miles south of Chattanooga, Tennessee.

## BERRY COLLEGE

### Berry College Police Department

Berry College takes the responsibility of providing life safety and property protection very seriously. To meet these important responsibilities, the college maintains a force of state-certified police officers whose duties are integrated to provide law enforcement, crime prevention and parking control/enforcement. The department strives to contribute to the academic environment by performing professional law enforcement tasks with a positive, service oriented and educational approach.

Our police officers receive their law enforcement authority through the *Official Code of Georgia Annotated*, Title 20.

The Georgia Peace Officer Standards and Training Council certify all police officers after they successfully complete the 408-hour basic mandate training course. The officers are then required to complete a minimum of 20 hours of annual training to maintain their peace officer certification and arrest powers. All peace officers must complete a specified minimum of 5 hours for designated topics within the 20 hour annual training requirement. The designated topics to be completed each year within the 20 hours are:

- Firearms Requalification – 1 Hour
- Use of Deadly Force – 1 Hour
- De-escalation training – 1 Hour
- Community Policing – 2 Hours

We strive to insure that each of our officers receives annual training above the State's minimum standard, in a wide range of topics that better equip our personnel to serve the Berry community

The department is comprised of 17 employees: 11 police officers, four dispatchers and one office manager.

***Berry's police officers are authorized full police powers, including the power of arrest, on all college property.***

Officers patrol the campus, **24 hours per day**, via marked patrol units, bicycles or by foot to deter acts of crime and to detect and intervene when criminal activity occurs. **They respond and follow-up on all reported crimes.** In addition to patrol duties, officers investigate traffic accidents and alleged crimes, assist in medical emergencies, provide limited motorist assistance, enforce campus parking/traffic regulations, and provide support to numerous campus activities and events, including dignitary planning and protection.

The department maintains a twenty-four hour communications and dispatch office located in Berry College's Welcome Center. **Call 706-236-2262 for emergencies (or dial 2262 from campus telephones).** The communications office and all Berry College Police officers have radio links with local emergency response agencies.

The central fire and security alarm receiver is located in the communications office allowing constant monitoring of these systems. Security cameras located throughout campus, campus emergency phones, panic alarm buttons and the card access system are also monitored by the BCPD communications office. The communications office is open and accessible for walk-in assistance year-round, twenty-four hours per day.

The department maintains a close working and professional relationship with local emergency agencies and their members. Local agencies come together through meetings, training and investigative follow-ups and information is freely shared between these agencies. The department maintains a written agreement with the Floyd County Police Department and the Rome/Floyd E-911 Center for access to national and state crime information computers (NCIC and GCIC). There is no written memorandum of understanding with any other local emergency agency.

Officers work closely with our Residence Life partners in assigned buildings to provide training and information to promote crime prevention awareness and to develop healthy relationships with the residents of the buildings.

### **Berry College Police Department**

The Berry College Police Department strives to foster and encourage community-Campus Police partnerships, both to aid in the prevention of crime, and to develop and maintain positive communication and mutual understanding and trust between students, staff, faculty, and Campus Police personnel. Partnerships between community and the police are always stronger when the community understands and supports the role of the police and when the community is confident the actions of the police are fair and just. Students who fully understand the role of BCPD and our efforts to enhance the quality of community life will be better prepared to provide advice to Campus Police to help shape policies and initiatives. Personal safety and security must be a cooperative venture, and no police department can be effective unless individuals exercise reasonable care and prudence. The officers and staff of BCPD need your help in continuing to make Berry College a safer campus.

## **Campus Security Authorities (CSAs)**

The Berry College Police Department is recognized as the official law enforcement authority on campus. It is encouraged that all crimes be reported to the Berry College Police Department.

The Department of Education in 34CFR Part 668 also defines “campus security authorities” as someone having “significant responsibility for student and campus activities.”

### **A "Campus Security Authority" is:**

1. A campus public safety official or police officer.
2. Any individual or individuals who have responsibility for campus security but who do not constitute a public safety department
3. Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
4. An official of an institution who has significant responsibility for student and campus activities, or any employee who manages or otherwise oversees student and campus activities, including but not limited to, student housing, student discipline, and campus judicial proceedings. **An official is defined as** any person who has the authority and the duty to take action and/or respond to particular issues on behalf of the institution.

The following is a *partial* list of CSA contact information:

- Dean of Students (Campus Extension 2207)
- Assistant Dean of Students for Residence Life (Campus Extension 2209)
- Director of Student Activities (Campus Extension 2293)
- Director of Human Resources (Campus Extension 4062)
- Athletic Director and Team Coaches (Campus Extension 2260)
- Faculty Advisors to Student Groups

As a result of the negotiated rulemaking process which was followed by the passage of the law, the 1998 amendments to 20 U.S.C. Section 1092 (f) clarified the identity of those considered to be campus security authorities. Campus “Pastoral Counselors” and “Professional Counselors,” *when acting as such*, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of common practice, counselors are encouraged, if they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

**The following officials are exempt from reporting when they are acting as pastoral or professional counselors.**

### **For this purpose:**

- A *Pastoral Counselor* is a person who is associated with a religious order or denomination, is recognized by the religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- A *Professional Counselor* is a person whose official responsibilities including providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

***Other persons who have significant responsibility for campus and student activities and who counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.***

### **Criminal Activity Off-Campus Involving Students**

Berry College operates no off-campus housing or off-campus student organization facilities. However, approved students may live off campus provided that they complete the non-residency application process (For additional information see the *Viking Code*).

When a Berry College student is involved in an off-campus offense, BCPD *may* assist with the investigation in cooperation with local, state, or federal law enforcement. Local agencies *may* request a BCPD representative be present when dealing with students in areas immediately adjacent to campus. BCPD will not have primary jurisdiction in these cases and will serve only as requested.

## **Campus Crime and Arrest Statistics**

*The information below provides context for the crime statistics reported as part of compliance with the Clery Act.*

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law. Berry College submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website. In addition, a daily crime log is available for review upon request at Berry College Police Department Headquarters (located at Oak Grove Cottage). The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the college community that are obtained from the Berry College Police Department (BCPD) and other Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded and provided for the calendar year during which the crime was reported.

A designated Campus Security Authority may be, but is not limited to identified deans, directors, and department heads, residence life staff, faculty advisors, and counselors (unless exempted as described in previous sections). A written request for relevant statistical information is also sent annually to representatives of the Rome City Police Department, the Floyd County Police Department, the Georgia Department of Natural Resources, and appropriate agencies in locales where Berry College students/faculty participate in studies programs requiring travel.

## Crime and Fire Log

The Berry College Police Department maintains a daily Crime and Fire log of offenses and fires reported. The log, containing information for the most recent sixty (60) day period is available for public view during normal business hours at BCPD headquarters, located in Oak Grove Cottage.

*Normal business hours are Monday-Friday, 8 a.m. to 5 p.m., excluding college holidays.*

The Crime and Fire Log contains information on all criminal incidents and alleged criminal incidents reported to BCPD. The log contains specific information about reported criminal incidents, including the date the crime was reported, the date and time the crime occurred, the nature of the crime, the general location of the crime, and the disposition of the complaint, if known.

The log is designed to disclose crime information on a timelier basis than the annual statistical disclosures. A crime is entered into the log as soon as it is **reported** to BCPD. This includes crimes that are reported directly to BCPD, as well as crimes that are initially reported to another campus security authority or to a local law enforcement agency if such party subsequently reports them to BCPD.

Information that is prohibited by law or that would jeopardize the confidentiality of a victim will not be disclosed on the log. The department will also withhold certain other information if there is clear and convincing evidence it would:

- Jeopardize an on-going criminal investigation or the safety of an individual.
- Cause a suspect to flee or evade detection.
- Result in the destruction of evidence.

Any information that is withheld by the department will be made available immediately once these conditions are no longer applicable.

## Reporting Crimes and Emergencies

Community members, students, faculty, staff, and guests are encouraged to report all crimes and safety related incidents to Berry College Police Department in a *timely and accurate* manner. To report a crime or emergency on campus, call BCPD at 706-236-2262 or Campus Extension 2262.

Crimes should be reported to BCPD to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

We encourage the reporting of information regarding incidents of sexual misconduct to the Berry College Police Department.

To report a fire or to request an ambulance for a medical emergency, it is preferable that you call the Berry College Police Department at 706-236-2262 (or campus extension 2262). If you do dial 911, provide accurate and complete information regarding your location and the nature of the emergency. It is important that your information be relayed accurately as it will facilitate more prompt response.

### Reporting a crime:

- Call BCPD at 706-236-2262 or Campus Extension 2262 report any and all known details of the incident
- Describe the suspect's appearance, clothing, height, weight, coloring, scars or other noticeable features
- Describe the location of the incident
- Describe the suspect's vehicle, license plate number and direction of travel
- **If you observe a crime or a suspicious incident, call immediately.** Don't assume someone else has made the call.

Try to provide the dispatcher with accurate, detailed information about the problem. When reporting an emergency, try to explain your needs as calmly as you can. **STAY ON THE LINE** until the dispatcher says it is okay to hang up.

Crimes often occur in clusters. If you report a crime or a suspicious situation, you might prevent the next one from taking place. An activity which you feel is unusual may be a sign of a criminal act. It is crucial that you contact BCPD immediately whenever you see or hear something suspicious. BCPD will respond to all reports of suspicious activity - whether or not you choose to identify yourself. Your call could prevent a crime against a friend, a neighbor, or yourself. ***"If you see something, say something."***

Dispatchers are available at these respective telephone numbers 24 hours per day to answer your call. In response to a call, BCPD will take the required action, dispatching an officer or asking the victim to respond to the Berry College Police Department headquarters (located at Oak Grove Cottage). BCPD officers respond to all reports of crimes and emergencies and may complete an "Incident Report" for crimes occurring on college property. BCPD incident reports involving students are forwarded to the Dean of Students office for review and potential action as directed by the Viking Code of Student Conduct.

## **Reporting Crimes and Emergencies: Emergency Phones**

### **Emergency Telephones**

Campus Emergency Phones are located outside of most residence halls, in strategic locations around campus (i.e. Stretch Road and Viking Trail) and in all elevators on campus. If you need emergency assistance, activate any emergency phones located strategically throughout campus or elevator emergency phone. These emergency phones connect directly to the Berry College Police Department communications center. The phones are activated by the touch of a button, and when the phones are activated a strobe light on the top will flash and/or the phone will automatically dial the communications center. The communications center is equipped to determine the location of the phone activation in the event that you are unable to communicate.

Most Emergency Phones are equipped to announce the location of activation via prerecorded data.

When you activate an emergency phone please provide the following information:

- Your location
- The nature of the emergency

Be prepared to answer the communications officer's questions and respond to any instructions that may be given.

### **Testing Procedure**

- All elevator/emergency phones are tested at least once a month by the Berry College Police Department.
- During this testing process each phone is activated by an officer or other departmental designee.
- During this testing process, the on-duty dispatcher maintains a testing log as a means to document testing.
- Phones that are found to be inadequately functioning are reported to Berry College's Telecommunications Department or other appropriate personnel for maintenance.

**It is recommended that you familiarize yourself with emergency telephone locations.**

## **Reporting Crimes and Emergencies: Resident Assistant Staff**

Residence Life staff have multiple ways in which they can report incidents occurring within the residence halls:

1. Incident report: is housed on VikingWeb and is an electronic form RAs use to submit a summary of an incident including who, what, when, where
2. Medical report: is housed on VikingWeb and is an electronic form RAs use to submit a summary of a medical incident including who, what, when, where
3. Student alert: RAs submit a student concern directly to professional staff
4. Maintenance report: link found on the Residence Life webpage that all students can use to submit a maintenance request; RAs use this tool during rounds of the residence halls
5. Staff participate in an on-call rotation (including RA, Head Resident, and professional staff); RAs are trained who and when to call when dealing with an incident

## **Confidential Reporting**

If you are the victim of a crime and do not want to pursue action within the college system or the criminal justice system, you may want to consider making a confidential report. A Berry College Police Department officer can file a report on the details of the incident without revealing the victim's identity. The purpose of a confidential report is to maintain confidentiality, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep an accurate record of the number of incidents involving students, employees, and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. You may call BCPD at 706-236-2262 or Campus Extension 2262 and ask that the information remain confidential.

When these reports involve allegations of sexual misconduct (including sexual harassment or sexual violence) they are made available to the college's Title IX Coordinator.

**NOTE:** If a report of crime or incident of sexual misconduct discloses an immediate threat to the college campus community, where timely notice must be given to protect the health or safety of the community, the college may not be able to maintain confidentiality. Immediately threatening circumstances include, but are not limited to, reported incidents of sexual misconduct that include the use of force, a weapon, crimes of violence, or other circumstances that represent a serious and ongoing threat to Berry College students, faculty, staff or visitors.

## **Emergency Notifications and Timely Warnings**

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety-related incidents to BCPD in a timely manner to aid in providing accurate and timely warning notices to the community when appropriate, and to ensure inclusion in the annual crime statistics.

Berry College makes every attempt to communicate accurate, timely information to members of the campus community in the event of a crisis, serious crime, emergency, or other situation which may impact the safety of the community. The intent of a timely warning is to provide information to enable members of the college community to protect themselves.

Information on criminal incidents that occur, either on or off campus, that, in the judgment of the Chief of Campus Police or his/her designee and when feasible in consultation with the President's Office, constitutes an ongoing or continuing threat to the campus community will be distributed on a timely basis.

In the event of a serious incident, requiring emergency notification to the Berry College community, the college may use any combination of official college e-mail, the Berry Alert system, in person notifications and the Emergency Notification Outdoor Siren System to distribute information. A campus meeting may be called at the discretion of the college President. Warning posters may also be strategically placed throughout the campus depending on the nature of the incident. Any combination of the above resources may be used.

Status updates regarding the resolution and/or "un-founding" of a crime and issued timely warnings will be disseminated in a similar fashion and updated as soon as possible and as circumstances allow.

## **Notification to the Berry College Community Concerning an Immediate Threat**

Berry College community members are encouraged to notify BCPD of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students, faculty, staff, or visitors on campus. BCPD has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, BCPD has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If so, federal law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation.

If the Berry College Police Department confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Berry College community, emergency notification procedures will be activated to provide immediate notification of the threat to the Berry College community, or to the appropriate segment of the community if the threat is limited to a particular building or segment of the population. Berry College Police Department will, without unnecessary delay and taking into account the safety of the community, determine the content of the notification and initiate notification, unless issuing a notification will, in the judgment of the first responders (including, but not limited to BCPD), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident, requiring immediate notification to the Berry College community concerning an ongoing threat, the college may use any combination of official college e-mail, the Berry Alert system, in person notifications and the Emergency Notification Outdoor Siren System to distribute information. Any combination of the above resources may be used.

## BERRY COLLEGE

### **Berry Alert for Students**

Berry College maintains an emergency notification system (known as “Berry Alert”) which enables emergency, inclement weather, or college closing information to be broadcast to the entire College community through email and/or text message notification. As a currently enrolled student you do not need to register for Berry Alert; all students are automatically enrolled in Berry Alert. We have registered your Berry College “.edu” email address and the cell phone number you provided to the college.

We have attempted to answer the questions you may have about the Berry Alert service in the Frequently Asked Questions section below.

#### ***What phone number does Berry College have?***

We have the cell phone number you provided to the college.

#### ***How do I send Berry College a correct, current cell phone number?***

It is very important that Berry College has your current cell phone number. There is a “Berry Alert” form located on the “Forms and Reports” section of VikingWeb that will show you the cell phone number we have on file. If we do not have your cell phone number or the phone number is incorrect, please provide the correct number on the form and then click on the “submit” tab at the bottom of the page. The form can be found on VikingWeb at [https://vikingweb.berry.edu/ics/Students/Forms\\_and\\_Reports.jnz](https://vikingweb.berry.edu/ics/Students/Forms_and_Reports.jnz). After clicking the link, you will need to login into VikingWeb.

#### ***Can you send an alert to an International Number?***

Unfortunately, no, we can only send texts to US cell phone numbers. If you provided us with an international cell phone number, please submit a local cell phone number.

#### ***How do I sign an additional party up for Berry Alert?***

We understand that someone in your family may also want to receive this information. The Berry Alert form contains an option to add a secondary phone number and/or a secondary email address.

#### ***Can I add a third phone number/email address?***

At this time, we are only accepting a secondary number/email address

#### ***Can I opt out?***

We only use Berry Alert for important, emergency type information so we would rather you not opt out; however, if you still want to opt out, you may do so at any time by texting 'optout' to 79516 (or, responding to an alert with the word 'optout'). Action taken by the student to “opt-out” will remove that student’s registered phone number. Notifications will continue to be sent to the student’s official Berry college email address.

## **Berry Alert for Faculty and Staff**

Berry College maintains an emergency notification system (known as “Berry Alert”) which enables emergency, inclement weather, or college closings information to be broadcast to the entire Berry College community. As a current employee of Berry, we have registered your Berry College “.edu” email address in the Berry Alert system. If you wish to also receive alerts as a text message on your mobile device, you will need to self-register your cell phone number. We strongly encourage everyone to register a cell phone number in the Berry Alert Emergency Notification system. Registering a cell phone number will help ensure you receive an alert in a timely manner in the event of an emergency.

You can find the new registration page on the Forms and Reports page on the Employee section on VikingWeb: [https://vikingweb.berry.edu/ICS/Employee/Forms\\_Reports.jnz](https://vikingweb.berry.edu/ICS/Employee/Forms_Reports.jnz). After clicking the link, you will need to login into VikingWeb. There is a “Berry Alert” form located in the “Forms and Reports” section of VikingWeb where you can provide a cell phone number and then click on the “submit” tab at the bottom of the page.

We have attempted to answer the questions you may have about the Berry Alert service in the Frequently Asked Questions section below.

### ***Can you send an alert to an International Number?***

Unfortunately, no, we can only send texts to US cell phone numbers. If you provided us with an international cell phone number, please submit a local cell phone number.

### ***Can I register a secondary email address and cell phone number?***

We understand that someone else in your family may also want to receive this information. The Berry Alert form contains an option to add a secondary phone number and/or secondary email address.

### ***Can I add a third phone number/email address?***

At this time, we are only accepting a second number/email address

**Testing: Berry Alert Messaging System**

**2018**

**In 2018, Berry College conducted a dissemination test of the Berry Alert system on October 5, 2018 to test the functionality and messaging process.**

## **Berry College Emergency Notification Outdoor Siren System**

Berry College takes seriously its obligation to serve the safety and wellbeing of its community. In an effort to expand and enhance the ability to communicate in a far reaching and effective way, Berry College is equipped with an Emergency Notification Outdoor Siren System.

The system is comprised of four strategically located tower sirens. System activation is managed by the Berry College Police Department in conjunction with the office of Emergency Response Management. All communications and patrol personnel are trained in the operation and activation of the system. The system's communication hub is located in the Berry College Police Department's Communications Center. The system may be activated remotely by computer interface, at the main control device, or at each individual siren location. In 2017, a fifth siren location was added that expanded this system's reach inside an academic building, McAllister Hall. In August of 2019 an additional internal integration was made in the Ford Auditorium, Music, and Alumni areas. There are future plans to continue the interior expansion of this system.

### **Testing Procedure**

The Emergency Notification Outdoor Siren System performs a scheduled test daily that silently checks the operability of the system's communication functions.

A full audible test of the system is conducted during the first Friday of every month at 11:55 am. During this full audible test, Berry College Police personnel verify the audible quality of the system's messaging. This monthly full audible test is scheduled and initiates automatically based on the assigned perimeters. On occasions, activation responsibility is rotated among personnel to maintain operator familiarity. On occasions when it is deemed appropriate due to actual weather events, or other circumstances, the regularly scheduled test may be suspended. Suspended tests will be rescheduled and performed at the most reasonably feasible time. Other periodic tests of the Emergency Notification Outdoor Siren System may be conducted as determined necessary.

## **Berry College StormReady**

In 2015, Berry College initiated the process of partnering with the National Weather Service to work towards being designated as a StormReady community. This process was completed in late 2015 and an official designation was made declaring Berry College StormReady. In late 2018, Berry College successfully renewed its StormReady designation.

StormReady communities, counties, Indian tribal governments, universities and colleges, military bases, government sites, commercial enterprises and other groups are better prepared to save lives from the onslaught of severe weather through advanced planning, education and awareness. No community is storm proof, but StormReady can help communities save lives.

StormReady uses a grassroots approach to help communities respond to extreme weather—from tornadoes to hurricanes. StormReady helps communities respond to hazardous weather by providing emergency managers with clear-cut guidelines on how to improve their hazardous weather operations. To be officially StormReady, a community must:

- Establish a 24-hour warning point and emergency operations center
- Have more than one way to receive severe weather warnings and forecasts and to alert the public
- Create a system that monitors weather conditions locally
- Promote the importance of public readiness through community seminars
- Develop a formal hazardous weather plan, which includes training severe weather spotters and holding emergency exercises.

Berry College has maintained its StormReady status and required conditions since the year 2015.

## **Emergency Response Management**

The Emergency Response Management (ERM) department at Berry College was developed to create a system of efficient communication and response to any and all emergencies on campus. The ERM department has established a building coordinator for every building/facility that is used by the college, its students, and its faculty. Building coordinators are responsible for disseminating information and instructions to building occupants during an incident. These coordinators are critical resources in the event of an emergency. These individuals are responsible for familiarizing themselves with the Emergency Operations Plan and for ensuring that building occupants have an understanding of procedures related to their specific area.

Evacuation plans are posted in all buildings, and in residence halls there are Resident Assistants that are trained in all the proper emergency response procedures.

**All emergencies should be reported to Berry College Police Department as soon as possible so that BCPD staff can deploy the most appropriate resources to aid in emergency response.**

**For more information related to Emergency Response Management at Berry College, please contact:**

## Emergency Management and Evacuation Policies

Upon confirmation of a significant emergency or a dangerous situation occurring on campus (or directly affecting the campus) that involves an immediate threat to the health or safety of students or employees, the college will alert the campus community in the most expeditious manner available. It will do so by use of established lines of communication with college staff, administrators, residence hall personnel (including resident assistants), building coordinators, campus police personnel, and local law enforcement and emergency responders, as well as media reports and/or any other available sources. The college's Emergency Response Team will determine, based on available information, whether notification is necessary or desirable and, if so, what form that notification should take and to whom it should be directed. This notification will generally involve activation of our Berry Alert system. This system, which can be activated by campus police, will, via phone text messages and other media, alert those who have been properly registered in the system. This initial alert will be augmented, if appropriate, by other forms of communication, including electronic mail, phone calls, activation of the Emergency Notification Outdoor Siren System and/or personal contact. The college will make every effort to confirm the validity of the emergency or dangerous situation.

However:

- If the Emergency Response Team has not yet gathered, the college President (or the senior administrative officer acting in his or her absence) or the Chief of Staff may authorize notification.
- In a critical emergency when safety concerns demand it, and there is not time to contact either the Emergency Response Team or the college president or Chief of Staff, the Chief of Campus Police (or designee) will make the notification.
- Notification will not be delayed simply because all information has not been gathered or fully confirmed. A notification in such cases may use wording that stresses that an incident has been "reported" and/or that there is not yet confirmation. What is most critical is that the awareness of those potentially affected, directed or indirectly, is heightened and that any appropriate safety precautions are taken without delay. The college will err on the side of notification, understanding that corrections can be made through subsequent communications.

The content of the notification will be only the information necessary to describe the nature of the threat or situation and the recommended actions, recognizing that the longer the message the more time it takes to absorb and act upon.

Usual components of such a message would be:

- The nature of the situation (to the extent known);
- The location of the situation (to the extent known);
- What action should be taken (if appropriate); and
- A promise of further information as it becomes known.

***An example of such a message containing those components would be: "Fire reported in Cage Ctr. Evacuate that building. Others stay clear. More info to follow."***

Individual and community safety is the paramount concern in any decision to notify the campus community of a dangerous or emergency situation. Safety may, in certain circumstances, require that notification be delayed, particularly when emergency or law enforcement personnel believe that such notification will compromise efforts to assist a victim or victims or frustrate efforts to respond to or mitigate an emergency. Due deference will be given to such considerations, but only in truly exceptional circumstances will a decision be made to delay or avoid notification.

## **Emergency Management and Evacuation Policies (*Continued*)**

Those responsible for carrying out this policy include members of the college Emergency Response Team:

- President (Campus Extension 2281)
- Chief of Staff (Campus Extension 2227)
- Chief of Police (Campus Extension 2175)
- Vice President for Student Affairs and Dean of Students (Campus Extension 2207)
- Vice President for Finance (Campus Extension 2265)
- Director of Physical Plant (Campus Extension 2231)
- Director of Food Services (Campus Extension 1701)
- Director of Residence Life (Campus Extension 2209)
- Assistant Vice President for Public Relations and Marketing (Campus Extension 7846)
- Director of Network Operations (Campus Extension 5099)
- Director of Health and Wellness (Campus Extension 5633)
- Director of Counseling (Campus Extension 2259)

After the campus community or affected portions of the campus community have been notified, the Emergency Response Team will coordinate the dissemination of emergency information to the larger community, both by means of media and through local emergency responders.

The Emergency notification, response, and evacuation procedures are tested at least once each calendar year, including at least one time when the college is in regular session and at least one time when the test is unannounced. Two tests per year are preferable. The Assistant Vice President for Campus Police and Emergency Response Management shall keep a record of all such tests, noting the time, date, nature of the test, and whether it was announced or unannounced. Prior to each test of the system an electronic mail message to the campus community will explain the purpose of the Berry Alert system and its role in emergency notification, and how one can sign up for the Berry Alert system if one has not done so already.

## BERRY COLLEGE

### Facilities

Most campus buildings and facilities are accessible to students, parents, employees, contractors, and guests during normal business hours, excluding official college holidays.

The dean responsible for a particular building regulates that academic building's hours. Most academic buildings are opened and closed by housekeeping or campus police officers. Non-academic buildings are controlled by the department director assigned to that building.

- All buildings have phones for reporting emergencies.
- As a general rule labs (computer, biology, chemistry, etc.) will have a lab assistant during hours of operation. Hours of operation are effected by needs of faculty, special events and other scheduled activities.

After hours use of an academic building requires the approval of the academic dean for that particular building. Persons using buildings after hours should do so with a partner or let someone know where they will be and for how long.

Berry College **does not** operate any student off-campus housing. A limited number of homes are adjacent to or near the campus and are owned by the college, but are used only for faculty and staff housing.

All facilities have fire alarm systems that report locally with an audible alarm and/or to the campus police dispatch center. There is an ongoing effort to upgrade all fire alarm systems. Some buildings are equipped with sprinkler systems.

Resident hall **exterior** doors are locked 24 hours per day with the exception of approved occasions when access may be opened for short periods of time. One example of such an instance is student move in. Electronic access has been added to all **exterior** residence hall doors. **Students are issued keys for their particular room.** Responsibility for the residence halls belongs to the **Associate Dean of Students** (Campus Extension 2209).

Lighting has been installed around all buildings and parking lots. Additional lighting has been added near sidewalks and streets. Each summer, during all breaks and on daily patrol, officers make extensive surveys on lighting, locks and other physical safety matters. They submit work requests to the Physical Plant for repair on malfunctioning lights, locks and windows. Requests are also made on an as needed basis. Students, faculty, and staff are encouraged to report all safety related maintenance requests to the Physical Plant at campus extension 2231 or via e-mail to: [physicalplant@berry.edu](mailto:physicalplant@berry.edu)

Keys to residence halls and all other campus buildings are regulated and issued through the college carpentry shop who reports to the director of the Physical Plant.

### Knox-Box Rapid Entry System

The police department has implemented the Knox-Box Rapid Entry System ([www.knoxbox.com](http://www.knoxbox.com)). This system allows quick entry to a building during an emergency, crisis or disaster. Knox-Boxes are strategically placed around academic buildings and residence halls. Approximately eighty boxes have been installed at locations determined by our patrol officers. It is the goal of the department to install at least one Knox-Box at every major building on campus. The Knox-Box contains a set of keys to the building where it is located and, where appropriate, an attempt has been made to create key redundancy for the adjacent buildings. This helps insure the ability to immediate access all buildings by police and other emergency responders. All of the Knox-Boxes are keyed to a single master key. **Only Berry College Police personnel are issued a master key.**

## **Access to Campus (For additional information see the *Viking Code*)**

### **After Hours Access to Campus**

Under normal circumstances, the Main Entrance gate will remain closed and access will be via electronic passes that are issued and managed by the Berry College Police Department's Parking Services division. All visitor's that have not registered with Parking Services to receive an electronic pass will use the Visitor Entrance of the Welcome Center. Campus closes to the general public at 7pm daily. The Service Road gate is only accessible only via electronic passes.

Campus residents who expect guests after 7pm can assure minimal delay for their guests by providing Berry College Police Communications Staff with appropriate information (student name, visitor name, time of arrival, vehicle description) prior to their guest's visit. Please call 706-236-2262 to provide this information.

### **Student Access to Berry Property**

Berry College's campus provides student opportunities to enjoy a distinctively unique area of natural resources. Students are encouraged to enjoy the beauty of the environment. For safety reasons and liability concerns, certain areas of campus property are considered restricted areas. All unpaved roads are restricted access as posted. The forestry areas are designated as either wildlife management or wildlife refuge areas. Hunting is allowed in the wildlife management areas, but not in the wildlife refuge areas and is monitored by Berry College Police and Georgia Department of Natural Resources. The wildlife refuge areas create a safety buffer zone around campus buildings and facilities. Under normal circumstances:

- Hiking and trail use is permitted during daylight hours only.
- Access at other times is by special permission only. Berry police officers have authority to declare any area unsafe and to further restrict access as necessary.
- Non-vehicular traffic is prohibited on Lavender Mountain Road. Please use the Viking Trail.
- Sunbathing is permitted in areas adjacent to residence halls.
- To preserve the unique beauty of the Mountain Campus, all sporting activities are limited to the athletic and intramural facilities in and around Henry Hall (WinShape Centre).
- The House o' Dreams is available by appointment for students, faculty and staff to visit. To make arrangements to go to the House o' Dreams, please contact 706-368-6789.
- All vehicles must stay on roads maintained for normal vehicular travel. Vehicles are not allowed on logging roads, trails, etc.

### **Solicitation on Campus**

Faculty, staff and students should refrain from soliciting on the campus. Solicitation for a humanitarian cause or with special merit may be conducted upon application to and approval of the Vice President for Student Affairs and Dean of Students. Except for the representatives of reputable textbook publishers, outside agents are not normally permitted to solicit on campus.

"Solicitation" is interpreted to refer to any door-to-door residential solicitation of employees or students at their places of work, in the dining hall, or elsewhere on the campus, including placing "flyers" on vehicle windshields, posting flyers on or in any campus buildings, or the use of any donation receptacles. Any student/group must have its solicitation approved by the Director of Student Activities and the Vice President for Student Affairs and Dean of Students.

**All unauthorized solicitors should be reported immediately to Berry College Police.**

### **Sex Offender Notification and Information (Megan's Law)**

The Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act has been amended by the Campus Sex Crimes Prevention Act of 2000 to require sex offenders who are enrolled in or work at institutions of higher education to register with the State's sex offender registration program. The State in turn is obligated to notify the school's law enforcement unit as soon as possible. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

## **Berry College Sexual Misconduct Policy**

Berry College is a residential academic community that is grounded in relationships built on trust and respect. The College seeks to provide a learning and working environment conducive to thought, creativity, and growth, where individuals are free to realize their full potential. Sexual harassment, assault and other forms of sexual misconduct are fundamentally at odds with these goals and an affront to human dignity. In both obvious and subtle ways, sexual misconduct harms students, faculty, and staff, as well as the academic community as a whole.

### **I. POLICY STATEMENT**

Berry College will not tolerate sexual misconduct and will work diligently to prevent and eliminate sexual misconduct at the College.

This policy is intended to define sexual misconduct for Berry students and employees. It is also intended to educate the members of our community (students, faculty, staff) about their responsibilities regarding the policy, procedures for reporting incidents of sexual misconduct, and remedies for resolution.

The College prohibits sexual misconduct by College faculty, staff, students and those who use College facilities. The prohibition applies regardless of the gender of the reporter or of the respondent and includes sexual relationships involving a status differential and those between peers, colleagues, and co-workers. This policy applies to all members of the Berry community as they interact with one another in both on- and off-campus settings. Acts of sexual assault by or against students, employees, visitors to the campus, or other persons who use college facilities will not be tolerated and will be pursued under the college's sexual misconduct policy without regard to whether they are pursued separately by law enforcement.

#### **A. Relationship to College's Policy Concerning Consensual Relationships between Employees and Students**

College employees should be aware that any inappropriate personal interaction with students or subordinate employees could subject them to formal disciplinary action if a sexual harassment complaint is subsequently made and substantiated, and that they bear the greater burden of responsibility due to the inherent power differential that exists between them (see Berry College's Policy concerning Consensual Relationships between Employees and Students).

#### **B. Relationship to College's Policy on Academic Freedom**

Nothing in this policy is to be construed to limit academic freedom and appropriately exercised free expression within the College (see statement on Academic Freedom in the Faculty/Staff ). Written, auditory, or visual course materials which are used for educational purposes or which are part of academic or cultural programs, do not necessarily constitute sexual harassment, regardless of their sexual, erotic, suggestive, or vulgar content and regardless of whether they may be offensive to some individuals.

### **II. NOTICE OF NON-DISCRIMINATION UNDER TITLE IX**

As required by Title IX of the Education Amendments of 1972, Berry does not discriminate on the basis of sex or gender in its educational, extracurricular, athletic or other programs and activities, or in the context of admission or employment at the College.

## Berry College Sexual Misconduct Policy

The College has designated a Title IX Coordinator to oversee the investigation and resolution of reports of sexual misconduct and the College's compliance with Title IX. The Title IX Coordinator is also responsible for coordinating and implementing campus-wide training and educational programs relating to sex discrimination and sexual misconduct. The Title IX Coordinator is Lindsey Taylor, Vice President of Student Affairs and Dean of Students:

**Lindsey Taylor**  
**Vice President of Student Affairs and Dean of Students**  
**P.O. Box 495009**  
**Mount Berry, Georgia 30149-5009**  
**ltaylor@berry.edu**  
**(706) 236-2207**

The Title IX Coordinator, in conjunction with the Director of Human Resources, will oversee all matters relating to sexual misconduct on campus, including distribution of policies, educational programs, investigations, policy enforcement, and follow-up with complainants and respondents in investigations.

The college has also designated the following individuals as Title IX officers:

- Dr. David Slade, Associate Provost and Dean of Academic Services
- Ginger Swann, Assistant Director of Athletics and Senior Woman Administrator
- Gary Will, Assistant Vice President for Campus Safety and Emergency Management

### III. DEFINITIONS

A. Sexual harassment: Sexual harassment consists of, but is not limited to, unwelcome sexual advances, requests for sexual favors, other unwelcome verbal or physical conduct or written communication of a sexual nature, and hostile or intimidating behavior motivated by another's gender. Sexual harassment may involve the behavior of either gender against a person of the same or opposite gender. Depending on the severity of the conduct, a violation of this policy may be found in a single act or episode, as well as in repeated behavior, and need not be sexual in nature, but may be based on conduct creating a hostile environment based on one's gender.

The following is a non-exhaustive list of behaviors that may constitute sexual harassment:

- a. Explicit or implicit threats or hints that a person's employment, wages, academic grade, promotional opportunities, classroom or work assignments or other conditions of employment or academic life may be adversely affected by not submitting to sexual advances, or may be improved by submitting to sexual advances;
- b. Implied or overt promises of preferential treatment with regard to an individual's employment or academic status;
- c. Pressure for sexual activity;
- d. Requests for romantic or social contact after a person has indicated no interest, or by a member of the faculty or another employee to a person who is a student or a subordinate employee;
- e. Unwelcome verbal expressions of a sexual nature, including sexual commentaries about a person's body, dress, appearance, or sexual activities;

## Berry College Sexual Misconduct Policy

- f. Unwelcome use of sexually degrading language, jokes, or innuendoes; suggestive or insulting sounds or whistles; sexually suggestive phone calls, emails, text messages, social media; or derogatory comments based on sex or gender;
- g. Pornographic objects, pictures, videotapes, audio recordings, computer communication or literature, placed in a work or study area, or sent electronically or posted to social media, that may embarrass or offend individuals;
- h. Stalking, which means any course of conduct in which the stalker directly or indirectly, by any action, device, or means, follows, surveils, communicates to or about, or engages in any act, without the consent of the other person, which interferes with the activities and educational pursuits of the other person, or would otherwise place a reasonable person in fear for their safety, or causes a reasonable person actual emotional distress or mental anguish. Stalking may also be found when a person violates the terms and conditions of any judicially issued restraining order or no-contact order issued by the college administration.
- i. Unwelcome physical contact, which may include inappropriate hugging, patting or pinching, brushing or touching of another person's body;
- j. Threatened sexual assault.

Some acts of sexual harassment may also constitute violations of criminal law, e.g., sexual battery, indecent exposure, sexual abuse, etc. In such instances Berry College Campus Safety is to be notified immediately and will provide assistance to the victim and will initiate a criminal investigation.

**B. Sexual assault:** Sexual assault includes attempted or completed rape, sexual touching of another person without his or her consent, and/or forcing a person who is unwilling or has diminished judgment or capacity to engage in sexual activity or consent to sexual activity. Sexual assault may be committed by a stranger or by an acquaintance, and may occur between members of the same or opposite sexes.

Sexual assault occurs when sexual acts are committed either by actual or implied force, coercion, threat, intimidation, or through the use of the reporter's mental or physical helplessness, including incapacitation from alcohol or drugs, of which the assailant was aware or should have been aware. The use of alcohol or drugs will not be accepted as justification for the actions of any person charged with a violation of this policy.

**C. Consent** occurs in many different forms including verbal and nonverbal behaviors. Consent may be revoked at any time and this revocation may occur verbally or nonverbally.

**D. Reporter:** An individual who alleges that another person violated this policy. The definition of reporter is not limited to Berry students, faculty, or staff.

**E. Respondent:** A Berry College student, employee or vendor who has been accused of sexual misconduct.

**F. Responsible Employees:** All Berry faculty, supervisory staff, and students in level 4 or 5 supervisory positions.

## IV. OVERVIEW OF PROCEDURES FOR REPORTING SEXUAL MISCONDUCT

### A. Timeliness in Reporting and Responding

Berry College encourages the prompt reporting of violations of this policy to the college or the police. Prompt filing enables the College to investigate reports more effectively, to take appropriate action to ensure the safety and security of the campus community, and to resolve problems in an expeditious manner. Delays in reporting, however, will not deter the College from investigating and responding to a report. All reports of sexual misconduct will be investigated. A report may be made by any person with knowledge of the violation. Incidents of sexual misconduct or other violations of this policy may be reported to any of the Title IX officers or any Responsible Employee.

The Title IX coordinator will notify reporters of the progress and resolution of their complaint.

## **Berry College Sexual Misconduct Policy**

Reports may also be made to law enforcement including the Berry College Campus Safety Department and the Rome City or Floyd County Police Departments.

A reporter may inform both the college and law enforcement about an incident of sexual misconduct. The college reserves the right to conduct its own Title IX investigation and make a determination prior to the completion of and separate from the outcome of the criminal proceeding.

All cases involving a minor should be reported to Campus Safety at 706-236-2262.

### **B. Confidentiality**

Conversations with Title IX Officers and other responsible employees are private but not confidential. The primary role of the Title IX Officer is to see that the College responds promptly and fairly to reports of sexual harassment. Title IX Officers are able to answer questions, provide guidance, discuss options, and refer persons to other appropriate resources. Unlike a confidential counselor, Title IX Officers with knowledge of misconduct have a legal and institutional responsibility to report the incident promptly.

When investigating a complaint of sexual harassment, the College will proceed in such a manner as to maintain privacy and respect the confidentiality of the individuals involved to the extent practical under the circumstances. All parties to the report and witnesses interviewed during an investigation will be asked to keep the report and investigation confidential. The College's obligation to prevent and respond to reports of sexual misconduct, however, means that it must take appropriate action to address the misconduct. Therefore, the College cannot guarantee confidentiality or anonymity.

### **C. Counseling Options**

Members of the Berry Community who want confidential information or counseling about sexual misconduct should contact the Counseling Center at Berry (706-236-2259). They may also contact the Sexual Assault Center of Northwest Georgia (706-292-9024). Discussions with representatives of these offices will not be considered reporters of misconduct to the College and will not, without additional action by the reporter, result in intervention or corrective action.

Conversations with licensed mental health professionals or medical professionals give reporters the highest level of confidentiality. Such conversations are not disclosed to anyone (unless there is a clear and foreseeable threat to harm self or others or if a minor is involved) without the express permission of the person seeking advice. Members of the College community who wish only to discuss their experience should first seek the advice of a confidential counselor if they wish to ensure their conversation receives the maximum degree of protection from disclosure.

### **D. Protection of Reporter**

When a report of sexual misconduct is received, the Title IX investigator will take immediate steps to ensure the safety of the reporter and the integrity of the investigative process. Reporters may request arrangements that include, but are not limited to, changes in class assignments as feasible, changes in housing assignments, or the temporary reassignment of an employee to another supervisor until a determination of fact and a resolution can be concluded. No contact orders will be initiated to protect the reporter and the respondent and the integrity of the investigation.

Retaliation or threats of retaliation against a person making a sexual misconduct report or against a person who participates in an investigation or disciplinary procedures concerning sexual misconduct will be considered a violation of this policy and will be subject to discipline.

### **E. Responsibility of Title IX Coordinator**

The Title IX Coordinator, in collaboration with the Director of Human Resources, will oversee all matters relating to sexual misconduct on campus, including distribution of policies, educational programs, investigations, policy enforcement, and follow-up with reporters and respondents in investigations.

## **Berry College Sexual Misconduct Policy**

### **F. Criminal Complaints**

Reporters may also choose to report sexual misconduct to the police for criminal or civil action, and the College encourages such reports for cases of sexual assault. Any student, faculty member, staff member, administrator, or visitor to the campus who has been sexually assaulted or who has witnessed a sexual assault on campus should report the assault to Campus Safety (706-236-2262). Assaults occurring off campus should be reported to the Rome City-Floyd County police by calling 911.

Those who have been sexually assaulted are also encouraged to call the Sexual Assault Center of Northwest Georgia (706-292-9024). The Center has individuals who will provide support and, if desired, will accompany victims of sexual assault to Floyd Medical Center or Redmond Regional Hospital and will stay with them while they receive medical treatment.

In the event of a sexual assault, the college will also conduct its own investigation according to this policy and determine an appropriate college response separate from and often prior to the completion of criminal or civil legal proceedings.

Berry College Campus Safety will investigate concurrently all reports of sexual assault and will update those reporting sexual assault about the status of the criminal investigation on a regular basis (at least weekly). Campus Safety will immediately notify the Title IX Coordinator of any reports of sexual misconduct.

## **V. PROCEDURAL STEPS FOR REPORTING SEXUAL MISCONDUCT**

### **A. Initial Report**

A complaint may be made to the Title IX coordinator or any Title IX Officer. The college has designated several individuals as Title IX officers (see Section II of this policy for a list of names). These officers are all designated intake officers for complaints as well as advisors in understanding the policy and the available resources for both reporters and respondents.

The initial report does not have to be in writing. Reports come in a variety of forms including reports by the person affected, observations of misconduct by other students, faculty or staff, or a pattern of behavior reported to the college's Title IX officers.

Anonymous reports may also be made to a Title IX Officer. The College will attempt to investigate anonymous complaints but often cannot do so with the same rigor as signed complaints.

If a complaint is made to a responsible employee, or if a responsible employee learns of an incident of alleged sexual misconduct, that employee must report the information to the Title IX Coordinator or a Title IX Officer. Responsible employees should inform a reporter at the earliest opportunity that a report of alleged sexual misconduct cannot be kept confidential but must be reported to a Title IX officer (see section IV. B). Responsible employees should also make a reporter aware of available resources (section IV. C).

Employees working as counselors in the Counseling Center, the college chaplain, and medical staff in Health and Wellness Center are not required to report knowledge of misconduct if such knowledge was gained through their role as a counselor or medical provider. These employees will report the number of incidents of sexual misconduct for the federally mandated Clery Act Annual Security and Fire Safety Report but will not disclose details of the incident.

### **B. Initial Response of Title IX Officer**

Upon receipt of a report of sexual misconduct or other violation of this policy, a Title IX Officer will conduct an initial review of the allegations and, if necessary, take the following measures to ensure the safety and well-being of the reporter, respondent, and the college community:

## **Berry College Sexual Misconduct Policy**

- Identify on- and off-campus medical, counseling and support resources for the reporter and respondent.
- Advise the reporter and respondent of available interim measures, such as the ability to modify housing, modify work schedules, change academic schedules, withdraw from or retake classes without penalty, and to access academic support.
- Inform the reporter of the right to notify law enforcement if the conduct may be of a criminal nature.
- Provide the reporter and respondent with information regarding the College's procedure for resolving reports of sexual misconduct and the College's policy against retaliation. Retaliation or threats of retaliation against a person making a sexual misconduct complaint or against a person who participates in an investigation or disciplinary procedures concerning sexual misconduct will be considered a violation of this policy and will be subject to discipline.

At the earliest opportunity, the Title IX Officer notifies the Title IX Coordinator. The Title IX Coordinator will, in collaboration with the Director of Campus Safety/Chief of Campus Police, determine if the reported conduct poses a threat to the health or safety of the Berry community and issue a timely warning if appropriate. In the event of a sexual assault report the Title IX Coordinator will inform Campus Safety. Any reported sexual misconduct that is deemed an alleged criminal act will be entered into the college's daily crime log.

## **VI. INVESTIGATION AND RESOLUTION OF SEXUAL MISCONDUCT COMPLAINTS**

### **A. Initial Investigation Procedures**

If it is determined that the allegations, if proven, would constitute a violation of this policy, the Title IX Coordinator will designate a lead investigator to conduct an investigation and prepare a report of the findings. All Title IX Officers are eligible to serve as lead investigators.

The College will investigate every allegation of sexual misconduct in a timely manner. The investigation shall be appropriate to the allegation, taking into consideration its seriousness and the nature of the resolution the reporter desires.

The Investigator will investigate the report of sexual misconduct or other violations of this policy to compile as much relevant information as possible, including the nature of each incident, the time, place, actual or potential witnesses, any actions or other responses to the alleged misconduct already taken by the reporter, and other pertinent facts or allegations. In the event of a report regarding the conduct of a faculty or staff member, the vice president to whom the employee reports will be informed of the report and any interim accommodations provided.

Berry College Campus Safety will also investigate all reports of sexual assault and will update those reporting sexual assault as to the status of the investigation on a regular basis (at least weekly). Campus Safety will immediately notify the Title IX Coordinator of any reports of sexual assault.

### **B. Consent Resolution of Sexual Harassment Complaints**

In cases of reported sexual harassment, the Title IX investigators have some discretion, working directly with the reporter, to resolve the complaint. This may include, but is not limited to, communication between the Title IX Investigator and the respondent, a letter to the respondent, or other actions or remedies to stop the inappropriate conduct. With the consent of both the reporter and the respondent, the matter may be resolved. The Title IX Coordinator is to be informed of the resolution and the nature of the resolution is to be recorded. The Coordinator will also provide additional remedies as needed.

## **Berry College Sexual Misconduct Policy**

### **C. Resolution Procedures for Contested Sexual Misconduct Complaints**

1. Once an investigation is initiated, the Title IX investigator will move with all due diligence and resolve. The Title IX Investigator will (1) provide a copy of the report to the respondent, (2) receive a written response from the respondent that will be shared with the reporter, (3) solicit the names of potential witnesses from the reporter and the respondent, and (4) interview witnesses. The College will complete its investigation as quickly as possible with the intent to complete within 60 days.
2. The Title IX Investigator will issue a written investigative report that includes a review of the evidence, a determination of whether college policy was violated (based on the standard of preponderance of evidence), recommendations for the resolution of the complaint, and rationale for the determination and the recommended resolution. The reporter and the respondent have three (3) days to respond to the investigative report.
3. If the reporter and the respondent consent to the recommendations, the Title IX investigator will seek approval in writing by the Title IX Coordinator within 48 hours.
4. If an agreement is not reached, the investigative report, including findings and recommendations, will be provided to the Student Conduct Board (consisting of 4 faculty and staff members and 6 student members) for student respondents, to the Vice President for Finance for staff respondents or the Provost for faculty respondents. The Student Conduct Board, Provost or Vice President for Finance will review the Title IX Investigator's report, will meet with the reporter and the respondent separately, determine if the respondent has violated the sexual misconduct policy, and take disciplinary action if the respondent is found in violation of the policy.
5. Sanctions for a violation of the policy may include but are not limited to written warning or reprimand, probation, a change of position or assignment, mandatory counseling or educational program, suspension, termination, expulsion and/or educational sanctions deemed appropriate. Sanctions for a finding of responsibility depend upon the nature and seriousness of the misconduct and any record of prior discipline. In determining sanctions, consideration will be given to whether a particular sanction will bring an end to the behavior in question and whether the sanction is reasonably likely to prevent a recurrence of similar behavior. Whenever possible, the Student Conduct Board, Provost or Vice President for Finance, as applicable, will make all reasonable efforts to reach a decision quickly with the intent to reach a decision within 10 business days. A written report of the decision that includes the rationale for the decision will be provided to the reporter and respondent.

The Title IX Coordinator will keep the reporter fully informed of the implementation of any sanction until all terms are satisfied. The Coordinator will also review each case and provide additional remedies as needed.

### **D. Appeal of Resolution**

Following the decision of the Student Conduct Board, Provost or the Vice President for Finance, as applicable, either party has 10 days to appeal in writing to the Title IX Coordinator. In order to be considered, appeals must meet one of three conditions:

1. New and significant information can be introduced that was unavailable at the time of the hearing and could have affected the outcome of the case.
2. There is reason to believe the sanction is not consistent with the seriousness of the behavior.
3. The respondent's right to a fair hearing was violated. Procedural or process errors must be significant enough to have affected the outcome of the case in order for the fair hearing standard to have been violated.

## **Berry College Sexual Misconduct Policy**

The right to appeal does not entitle the reporter or the respondent to a full rehearing of the case. The appellate board or appeals officers review the full case materials only if sufficient and appropriate grounds for appeal exist.

Appeals brought by student respondents, or by student reporters in cases involving student respondents, are heard by the Student Appeals Board (an appeals panel that consists of three persons: one faculty, one staff, one student). The decision of the Student Appeals Board is final. The Student Appeals Board will provide written rationale for its decision to the reporter and the respondent.

Appeals brought by employees or by student reporters involving employee respondents are made to the President. Within two weeks of the notification of appeal the President will decide the case and inform both parties in writing of his or her decision. The decision of the President is final. The President will provide rationale for his/her decision to the reporter and the respondent.

The Title IX Coordinator will keep the reporter fully informed of the implementation of any sanction until all terms are satisfied. The Coordinator will also review each case and provide additional remedies as needed.

### **E. Supporters, Advisors, and Attorneys**

The reporter and the respondent are each permitted to select one supporter, advisor, or attorney to accompany them to meetings and other proceedings regarding the investigation. Their role is to support the reporter or the respondent and as such are not permitted to speak in investigative meetings or hearings, question witnesses, or disrupt any proceedings.

### **F. No Recording of Proceedings**

No proceedings may be recorded by a party to the investigation (a reporter, respondent, or witness) or his or her supporter, advisor, or attorney.

### **G. Conflict of interest**

In the event the report creates a conflict of interest for any of the responsible college officials, that person has the responsibility to recuse themselves from a decision-making role. Responsibilities will be transferred to another Title IX officer or vice president after consultation with the president. In the event that a complaint is filed against a senior college official, outside counsel may be retained to investigate the incident.

### **H. False Reports of Sexual Misconduct**

The College encourages and seeks to facilitate reporting of all instances of sexual misconduct. It is important to remember that making a false report of sexual misconduct, or providing false evidence in support of a report, is a violation of College policy, and could result in sanctions at the College and/or civil or criminal liability. Any person who is found to have knowingly or recklessly made, or participated in making, a false report of sexual misconduct or who knowingly or recklessly provides false testimony or other evidence in support of a report of sexual misconduct, will be subject to disciplinary action. Students will be held accountable under the Viking Code of Student Conduct. Faculty members will be referred to the Provost. Staff members will be referred to the Vice President for Finance.

## **Berry College Sexual Misconduct Policy**

### **VII. EDUCATIONAL PROGRAMS**

Promoting awareness of the definition and consequences of sexual misconduct is an important part of this policy. Notification of this policy will be distributed to all current faculty, staff and students and to all new members of the College community and the full policy will be posted on the Berry College website. The College will also conduct regular, on-going training programs to educate members of the College community about the seriousness of this offense, and inform all persons who participate in College programs and activities about their obligations to bring complaints of misconduct and the procedures for doing so. The Health and Wellness Committee will assist in these efforts under the direction of the Title IX Coordinator and the Director of Human Resources.

All individuals who serve as Title IX officers or investigators or who serve as decision-makers for incidents or appeals in cases of sexual misconduct will receive regular and on-going training.

### **VIII. RECORD KEEPING**

The Title IX Coordinator and the Director of Human Resources will maintain records of all sexual misconduct complaints. Records will include information concerning the receipt of the report, the notification of the respondent and his or her response, interim relief or accommodations provided, the steps taken to investigate the report, and whether the report was substantiated. All written statements obtained, as well as summaries of witness interviews, will be included in the documentation. If the report is substantiated, the records will document actions taken to stop the misconduct and to remedy its effects, as well as disciplinary actions taken and the written notification to the reporter of the resolution of the case.

Records will be kept in employee personnel files or students' files only if a report of sexual misconduct is substantiated and disciplinary action is taken. Student records are protected from disclosure under the Family Education and Privacy Rights Act.

Records of reports, including anonymous complaints, will be kept confidential and will be used for the annual Clery Act Security and Fire Safety Report and to document that the College responded to the complaints. The Director of Human Resources and the Vice President of Student Affairs will regularly review records of reports to determine if a pattern of misconduct exists that would warrant an investigation.

### **IX. PERIODIC POLICY REVIEW**

The Title IX Coordinator and the Director of Human Resources will report annually to the President a statistical summary of the number of sexual misconduct reports they received (including formal, informal, and anonymous complaints), the number of cases investigated, the number of substantiated and unsubstantiated cases, and all disciplinary action taken by the College.

The Title IX Coordinator will analyze this information and identify any areas of concern related to sexual misconduct on campus and will provide the President with a recommendation regarding needed amendments to this policy or its enforcement, broad remedies designed to improve campus culture, or targeted educational programs to ensure student and employee understanding of this policy.

## Berry College Sexual Misconduct Policy

### SUMMARY

#### A. Available Resources:

The college provides resources for addressing the health and safety of our students and employees through the various individuals and procedures identified in this policy. There are additional resources available as well.

#### B. Important Reminders to Victims of Sexual Assault

In the event of a sexual assault:

**Go to a safe place.**

**Preserving evidence for criminal prosecution**

The College encourages and supports reporting any instance of sexual assault to law enforcement for prosecution. While the College realizes an assault victim may suffer shock following an attack, he or she should make every effort to report the assault and preserve any evidence necessary for prosecution of the alleged perpetrator as soon as possible. Contact should be made with outside agencies such as the NWGA Sexual Assault Center or a local hospital ER, which are trained to conduct post-assault examinations. In order to preserve evidence from contamination or degradation, it is generally recommended that victims and others should not alter the scene of the attack and should not change clothes, take a bath, brush teeth, eat, drink, smoke, urinate or defecate before calling the police, being assisted by the Sexual Assault Center, or going to the emergency room for an exam. If clothes are removed, they should be placed in a paper bag. Bedding or other items which may contain hair, skin, or other biological material should be preserved in a paper bag. Victims should also write down everything they can remember about the sexual assault.

**Making a report:** Any student, faculty member, staff member, administrator, or visitor to the campus who has been sexually assaulted or who has witnessed a sexual assault on campus should report the assault to Campus Safety (706-236-2262). Assaults occurring off campus should be reported to the Rome City-Floyd County Police by calling 911.

Those who have been sexually assaulted are also encouraged to call the Sexual Assault Center of Northwest Georgia (706-292-9024). The Center has individuals who will provide support and, if desired, will accompany victims of sexual assault to Floyd Medical Center and will stay with them while they receive medical treatment.

Students or employees who are victims of sexual assault also should report any incident of sexual assault to one of the Title IX Officers. This will initiate an immediate investigation and may prevent another assault. Faculty and staff who learn that a student has been sexually assaulted are required to report the alleged assault to Campus Safety and/or a Title IX officer. Those who have been assaulted or who are aware of sexual assault may make an anonymous report to any Title IX officer. The College will record and will attempt to investigate anonymous reports but may not be able to do so with the same rigor as signed reports.

#### C. Counseling and health services

Confidential counseling for sexual assault is available on campus at the Counseling Center (706-236-2259) and off campus at the Sexual Assault Center of Northwest Georgia (706-802-0580) and Floyd Medical Center and Redmond Hospital Emergency Rooms. Health services are available at the Health and Wellness Center (706-236-2267). Counseling and health services are also available in the community at the Floyd County Health Department (706-295-6123) and from counselors, psychotherapists, and doctors practicing privately in the area. The Sexual Assault Center can make referrals for individual counseling and support groups.

## **Berry College Sexual Misconduct Policy**

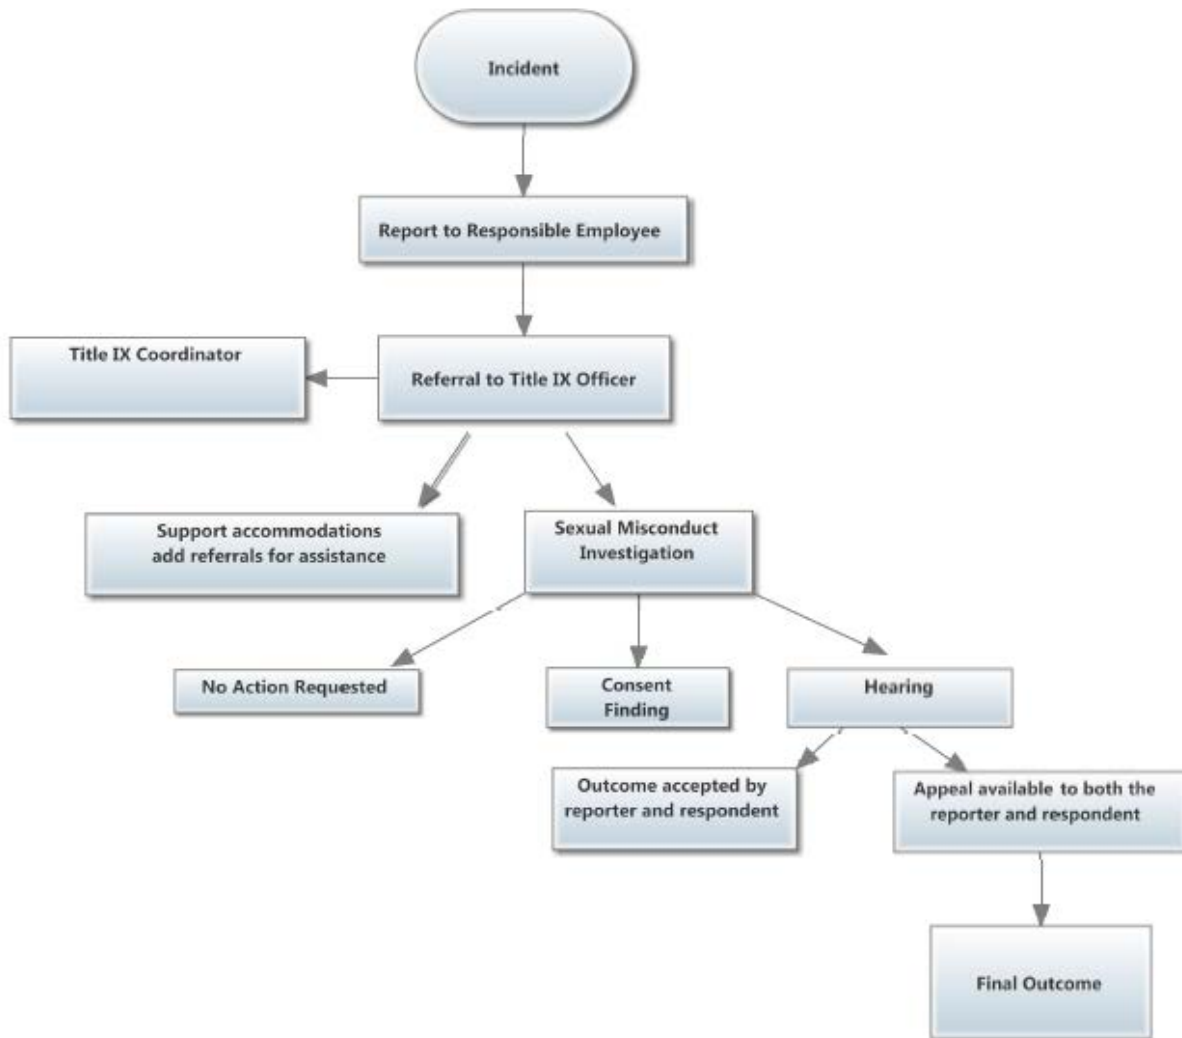

### **D. Requests for Accommodation**

Individuals who have been sexually harassed or assaulted may request changes in their work, academic, or living situations by contacting a Title IX officer. Requests for such changes will be considered on the basis of their appropriateness and whether the requested change is reasonably available. Campus police can assist students in obtaining other relief, including a police escort, a protective order directing the accused not to have any further contact with the complainant, and a ban from campus of non-students alleged to have committed sexual assault on campus.

### **E. Additional resources for filing complaints**

Members of the College community whose reports are not resolved to their satisfaction through these procedures may file a sexual misconduct complaint under federal law. Sexual harassment of employees is a form of sex discrimination prohibited by Title VII of the Civil Rights Act of 1964. Complaints under Title VII may be filed with the U.S. Equal Employment Opportunity Commission ([www.eeoc.gov](http://www.eeoc.gov)). Sexual harassment of students is a form of sex discrimination prohibited by Title IX of the Education Amendments of 1972. Complaints under Title IX may be filed with the Office of Civil Rights of the U.S. Department of Education <https://www2.ed.gov/about/offices/list/ocr/index.html?src=mr>

**Sexual Misconduct Policy Process**

## BERRY COLLEGE

### **Title IX: Sexual Misconduct**

Berry College is a residential academic community that is grounded in relationships built on trust and respect. The College seeks to provide a learning and working environment conducive to thought, creativity, and growth, where individuals are free to realize their full potential. Sexual harassment, assault and other forms of sexual misconduct are fundamentally at odds with these goals and an affront to human dignity. In both obvious and subtle ways, sexual misconduct harms students, faculty, and staff, as well as the academic community as a whole.

Berry College will not tolerate sexual misconduct and will work diligently to prevent and eliminate sexual misconduct at the College.

## Personal Safety and Crime Prevention

Personal safety and property security at Berry College are everyone's responsibility. Our department urges all members of the Berry community to participate in making our campus as safe as possible.

If you develop good security habits, you can assist us in safeguarding your property and the college's property. In the event of suspicious or criminal activity, promptly call the Berry College Police Department at 706-236-2262 or Campus Extension 2262. Officers are also available for educational programs. To develop good safety habits, follow these security tips:

### Residence Hall Safety

- Lock your door when you leave the room, even if you will be gone only for a short time. It takes about eight seconds for someone to walk into an open room and remove an item.
- Notify police promptly of any suspicious persons loitering in the vicinity of your building or room.
- Never leave purses, wallets, jewelry and other valuables unattended in laundry rooms, showers, kitchen areas, or other common areas.
- Mark your valuables for identification purposes, make photos of valuable property, and record serial numbers, makes, and models.

### Safety in Your Car

- Always lock your car.
- Check the back seat before you get in.
- Have your keys in hand so you don't have to linger before getting in, especially at night.

### Safety Outside and at Night

- Walk confidently, directly, at a steady pace.
- Walk on the side of the street facing traffic.
- Stay in well-lit areas as much as possible.
- Never work alone in an office or classroom on campus at night
- Arrange a buddy system with someone with whom you work or study.
- While sun-bathing stay within designated areas near the residence halls.
- Stay alert to your surroundings. Trust your instincts.
- When walking be mindful of distractions like phones and earphones.
- When you feel you are in danger, attract attention any way you can.

The college does not maintain a formal escort service, but if you ever feel uncomfortable in any situation on campus call the Berry College Police Department at 706-236-2262 or Campus Extension 2262 and an officer will be dispatched to your location to give you a ride.

## Hazing

Berry College does not condone hazing in any form. Berry defines hazing as any action taken or situation created intentionally to produce physical discomfort, embarrassment, harassment, or ridicule. Any individual, student group or organization that is found in violation of this policy will be subject to disciplinary action. (For additional information see the *Viking Code*)

## **Personal Safety and Crime Prevention (*Continued*)**

The college provides the following services and programs to improve safety on campus and to educate the community about security issues:

Students, staff, and faculty are encouraged to walk with others when possible and to choose paths that are well lit.

### **Personal Safety**

Sessions on personal safety, crime and violence prevention, crisis and emergency management planning, active shooter response, residence hall safety, rape prevention, self-defense, fire safety, and first aid/CPR are offered regularly on campus by various departments and groups. Please contact Berry College Police Department at 706-236-2262 or Campus Extension 2262 for assistance in locating these programs.

### **New Student Orientation**

Crime prevention materials are provided and questions are answered during new student and parent orientation meetings.

### **Bicycle Registration**

The bicycle registration program is a free service for students. Upon registration, a numbered decal will be affixed to your bike. Your registration information will be kept on file for at least four years. If the bike is stolen and recovered, the owner can be traced through the registered decal number. To register your bike, contact Berry College Police Department in person with Parking Services (Located at the Welcome Center).

### **Crime Education Material**

Brochures and posters related to substance abuse, personal safety, motor vehicle and bicycle theft prevention, residence and office security and many other topics are available at the BCPD office.

### **Community Outreach**

Upon request, Berry College Police Officers are available for departmental or group training covering a variety of topics including personal safety, crime reporting, drug and alcohol awareness, active shooter response, etc. Please contact the Berry College Police Department at 706-236-2262 or Campus Extension 2262 to discuss your specific training needs.

### **Vehicle Registration**

All faculty, staff and students who operate and/or park a motor vehicle on campus are required to register them with Parking Services (Located in Berry College Welcome Center). *Also, see Access to Campus guidelines in proceeding pages for further information regarding access and visitation policies.*

*A common theme of all crime prevention and awareness programs is to encourage students and employees to be aware of their responsibility for their own security and the security and safety of others.*

## Missing Student Investigations and Protocol

As a requirement of the Higher Education Opportunity Act and in an effort to assist in ensuring the safety of our residential students, Berry College has established a missing student notification protocol that requires the college to alert an emergency contact designated by the student and/or the student's parents as well as local law enforcement if the student has been missing for more than 24 hours. This protocol is established in compliance with Section 485(f) of the Higher Education Act, as amended by section 488(g) of the Higher Education Opportunity Act. This protocol must be included in the Annual Security Report. This act and amendment requires institutions that maintain an on-campus student housing facility to establish, for students who reside in an on-campus student housing facility, both a missing student notification policy that allows students to confidentially register a contact person, and procedures for notifying a missing student's contact person.

**Students, employees and others may report a missing student to one of the following college officials:**

- Chief of Campus Police (706-368-6999 or Campus Extension 6999)
- Dean of Students (706-236-2207 or Campus Extension 2207)
- Associate Dean of Students for Residence Life (706-236-2209) or Campus Extension 2209)

**After normal business hours, Monday-Friday 8-5 excluding holidays, such reports should be made immediately to Berry College Police Department at 706-236-2262 or Campus Extension 2262.**

### Procedure for Designation of Confidential Emergency Contact Information

All residential students have the opportunity to identify an individual to be contacted no later than 24 hours after the time that the student is determined to be missing, hereafter referred to as an emergency contact. The emergency contact designation will remain in effect until changed or revoked by the student. This emergency contact information is confidential and will be available only to the officials at the Berry College Police Department and Dean of Students leadership team.

### Designation of Emergency Contact Information

1. Students age 18 and above and emancipated minors: Students will be given an opportunity during the annual registration process to designate an emergency contact. The individual designated as the emergency contact will be contacted for the purpose of locating the student no more than 24 hours after the time the student is determined to be missing. The individual designated as the emergency contact will remain in effect until changed or revoked by the student.
2. Students under the age of 18: If a student under the age of 18 is determined to be missing, the college is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing.

### Procedure

A student is determined to be missing when a report comes to the attention of the college and the college determines the report to be credible. Circumstances may include, but are not limited to establishing that:

- a student is out of contact after reasonable efforts to reach that student by phone calls, emails, text messages and/or in-person attempts to establish contact
- circumstances indicate an act of criminality is involved, even lacking twenty-four (24) hours in time;
- circumstances indicate that physical safety is in danger, even lacking twenty-four (24) hours in time;
- circumstances become known that medicine dependence may threaten life or health, even lacking twenty-four (24) hours in time;

## Missing Student Investigations and Protocol

- existence of a physical/mental disability indicates that the student's physical safety is in danger, even lacking the twenty-four (24) hours in time.

Any report of a missing student should be immediately directed to the Berry College Campus Police Department, telephone number (706) 236-2262. An investigation will be initiated to determine the validity and credibility of the missing person report.

### Cooperative efforts may include

1. The Berry College Police Department with assistance of the Residence Life staff will investigate and gather information about the missing student from the reporting person and other individuals who may provide information that will assist with the investigation. These cooperative efforts may include:
  - Conducting a health and wellness check on the student,
  - Attempt to make contact via cellular phone, email, or other means to the student,
  - Determine activity of card access (if applicable), meal plan usage, and class attendance
  - Identify other students who may be aware of the missing student's whereabouts (i.e. roommate(s), friends, classmates, etc.).
2. No later than 24 hours after determining that a Berry College student is missing, the Dean of Students, or designee, will notify the individual identified by the missing students as the emergency contact (for students 18 and above and emancipated minors) or the parent/guardian (for students under the age of 18 and not emancipated) that the student is believed to be missing.
3. If search efforts are unsuccessful in locating the student in a reasonable amount of time the Berry College Police Department will continue with the investigation including the collaboration with other law enforcement agencies and utilizing all resources available.

In conjunction with Campus Police, Dean of Students and Information Technology, an on-line reporting feature has been added to VikingWeb. In addition to registering a general emergency contact, students have the option to identify confidentially an individual to be contacted by Berry College in the event the student is determined to be missing for more than 24 hours.

## Fire Safety

### Student Housing Facility Fire Safety Systems

Fire alarms systems are monitored 24 hours/day, seven days/week by the Berry College Police Department. Information on specific residential buildings is posted in the chart on following pages. A majority of college buildings are equipped with automatic fire detection and alarm systems that are constantly monitored by staff at BCPD.

Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire. A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells of residence halls, are designed to stand up to fire longer than those of an individual room. It is important that these doors are closed for them to work. Additionally, if a door has a device that automatically closes the door, it should NOT be propped open. DO NOT obstruct sprinkler heads with materials like clothing hanging from the piping. Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of college policy. **Smoking is NOT PERMITTED in any Berry College building or on any Berry College property.**

### Reporting a Fire

**Persons reporting a fire are encouraged to call 706-236-2262 or Campus Extension 2262. If there is a fire in your area and the alarm has not sounded, you should immediately activate the closest fire alarm pull station.**

### Evacuation of Student Housing Facilities in the Event of Fire

- Remain calm and close the windows in the room.
- Take only clothing that will be needed for the type of weather conditions that exists. Do not try and collect personal items to take with you.
- Turn off any electrical items you may have on at the time, including lights and a stove/oven.
- Stay low if you are going through smoke or toxic fumes.
- Leave by the nearest exit. When a fire alarm is active any door to the building may be used to exit so long as it is safe to do so.
- Do not use elevators. Use only the stairs.
- Never attempt to go back into the building even if the alarm stops sounding. Wait until Berry College Police personnel have cleared the building and given permission to re-enter.
- In an actual emergency if you are trapped and not able to exit a room or the building, yell for help and call BCPD at 706-236-2262 or Campus Extension 2262 using a phone in the building or your cellular phone. Be sure you can give your location in the building as best as you can so an officer can locate and assist you.

### Fire Safety Improvements and Upgrades

Berry College Police Department, Physical Plant, the Office of Residence Life, and the Dean of Students Office annually review the fire systems in our residence halls and will make upgrades, repairs or revisions when problems are identified. Berry College constantly seeks to improve the quality of our Fire Safety Systems through upgrades and expansion.

### Health and Safety Checks

Berry College believes that residence halls should be a clean and safe environment in which to live. In an effort to minimize chances of health problems, fire and/or bodily injury, health and safety checks will be conducted by Residence Life staff to focus on potentially hazardous situations within the residence halls. Normally, these checks are conducted when the residence halls are closed for breaks.

## **Fire Safety: Education and Training**

### **Fire Drills in Student Housing Facilities**

Fire drills are held at least once a year for each residence hall. Fire drills include a mandatory supervised evacuation of a building such as would be necessary during an actual fire. Fire drills are scheduled by the Office of Residence Life with assistance provided by the Berry College Police Department when requested.

### **Fire Safety Training**

All Residence Assistants receive fire safety related training at the start of each school year. Physical Plant employees receive fire safety training as part of their on-going OSHA training. Other employees may receive fire safety training through the designated building coordinator.

### **Fire Safety Education**

All residence halls are equipped with fire detection and firefighting equipment. All residents should familiarize themselves with the emergency escape plan for their residence hall, the location of all alarm pull stations, and the locations of all extinguishers.

Throughout the year fire alarm systems will be tested to ensure they are in working order. When an alarm sounds all occupants must vacate the facility for their own safety and so fire fighters may work undisturbed.

In the event of an actual fire, the local fire department and/or Berry College Police Department personnel will notify residents when it is safe to re-enter a building.

**Students should treat all alarms as actual emergencies and respond accordingly. Students should never re-enter a building until the area has been properly cleared and declared safe by a Fire Department official or Berry College Police Department personnel.**

## **Fire Safety: Items Prohibited in Residence Halls**

### **Items not Allowed in Residence Halls** (*Viking Code*)

While the Office of Residence Life reserves the right to make determinations about the appropriateness of items within the residence community, in general, students are prohibited from possessing or using the following items in the residence halls or on the Berry College campus unless otherwise authorized:

- Pets (other than fish in a 20-gallon or smaller aquarium) this does not apply to pet-friendly housing.

- Cooking on cottage porches poses a fire hazard and can set off an alarm; therefore, grills may not be used or stored on cottage porches.
- Built-in outdoor grills are located around campus for resident use.
- No other grills or fire pits should be used or stored within 50 feet of a college building (including Townhouses and cottages).

## **Substance Free**

Berry College has historically chosen to be alcohol-free and has chosen to be a substance free campus. We continually strive to be a college that teaches respect and care for each other as a core value of the campus community. We believe that a commitment to be free of alcohol, tobacco, and the non-medical use of drugs provides an environment where students can thrive academically and socially. We also believe this policy promotes healthy living and healthy relationships and reduces the individual and second-hand consequences of substance use and abuse.

**Use of tobacco products including cigarettes, cigars, chewing tobacco, e-cigarettes, and vapors is not permitted anywhere, indoors or out, on Berry's campus.**

*The information below provides context for the crime statistics reported as part of compliance with the Clery Act.*

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law. Berry College submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website. In addition, a daily crime log is available for review upon request at Berry College Police Department Headquarters (located at Oak Grove Cottage). The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the college community obtained from the Berry College Police Department (BCPD) and other Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

A designated campus authority includes, but is not limited to university deans, directors, and department heads, residence life staff, and counselors. A written request is also sent annually to representatives of the Rome City Police Department, Floyd County Police Department, Georgia Department of Natural Resources, and appropriate agencies in locales where Berry College students/faculty participate in international studies programs for relevant statistical information.

## Annual Clery Report: Hate Crimes

**Hate Crime:** A criminal offense committed against a person, property, or society which is motivated, in whole or part, by the offender's bias against a race, religion, disability, sexual orientation, ethnicity, national origin, gender, or gender identity; also known as a bias crime.

The hate crime statistics are separated by category of prejudice. The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are the addition of Simple Assault, Intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories. If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

*Note: A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias.*

## Frequently Asked Questions

### ***Does the Berry College Police Department have powers of arrest or are they just a security department?***

Our officers are duly sworn officers empowered by Georgia Statute to enforce laws within our jurisdiction. This means our officers have virtually the same powers as police officers in your town or city. Please remember, safety is our number one priority.

### ***How safe is the campus?***

We think that our campus is very safe, but we realize that incidents can occur. No community is totally crime free. We are no exception. We take every reasonable measure to insure that all members of our community are safe and our community is violence free. The thing to remember is that crime prevention on campus is everyone's responsibility. Every community member should take proactive steps to become prepared for campus living.

### ***What services does BCPD provide?***

In addition to providing a full range of law enforcement services, the department provides programs in crime prevention and personal safety. We provide safety and risk management programs. We provide limited motorist assistance that includes portable jump start kits. While we do not offer a formal escort service, we are happy to assist members of the community with this need upon request and officer availability.

### ***What about the officers, what is their training and experience?***

All of our officers are required to receive training and maintain certification in compliance with the requirements of the State of Georgia. This training is an ongoing process through yearly updates and continuing education. Some officers have previously worked in municipal, state, or military policing, while others have experience on college campuses prior to joining our department. Officers are trained in many specialty areas such as emergency medical response, hazardous materials, anti-terrorism, active shooter response and drug recognition. Some of our officers are instructors in different specialties and teach for various state and local departments.

### ***What are the most prevalent crimes on campus?***

Theft is the number one crime on *most* college campuses. The majority of the thefts are related to unattended property and rooms left unlocked. Alcohol related crimes compose a significant portion of each year's crime report. Underage possession of intoxicating beverages and public drunkenness make up the highest number of alcohol related incidents.

### ***What happens if I am arrested or get in trouble?***

All persons on college property, including students, faculty, staff and visitors, are subject to the same laws and regulations. When BCPD officers issue citations, utilize arrest warrants or make on-view arrests, all procedures appropriate to the Georgia Criminal code will be followed. Incidents on campus involving students may also be referred through the Dean of Student Affairs Office. (For Additional Information see the *Viking Code*)
