

Signature Learning Experiences at Berry College

What are Signature Learning Experiences

Signature Learning Experiences at Berry College are unique, once in a lifetime opportunities to grow as not only a student, but as a person.

Study Abroad

There are hundreds of international experience opportunities at Berry, including semester, summer, and spring break programs.

Upper Level LifeWorks Positions

Upper-Level LifeWorks Opportunities provide a structured, skill-building path for students ready to grow beyond basic campus jobs and step into meaningful leadership and career development roles.

Community Engagement/Service

Community engagement and getting involved are valuable parts of the Good Neighbor Culture at Berry. The Rome and Floyd County area offers a variety of areas for unique experiences.

Undergraduate Research

This is a unique way for students to work alongside faculty mentors to design and conduct research and create scholarly or creative projects in a wide variety of fields.

Internships

Internships are a form of experiential learning that integrate knowledge learned in the classroom with practical application in a professional workplace setting either on or off campus.

Extended Projects

Students will have the opportunity to conduct in-depth personal research projects that contribute to their field of study. These projects when approved, also receive funding.
