

**Honorizing Bio 200
Fall 2006**

Guidelines for writing assignments necessary to honorize Bio 200:

Write a 2-3 page synopsis for each of the six assigned articles. As part of each assignment, you should include an interpretation of how this research/topic/concept may impact future investigations. After each review, you will be given an opportunity to revise your paper before a final grade will be assigned. Bio 200 be considered “honorized” if the final grade assigned to each of the six papers averages to at least 90%. The scores earned on these papers will not be included in your final grade for Bio 200. All work must be completed by Dec 6, 2006.

Guidelines for synopsis grading

Title of article:

Date:

	Descriptive range					Section Score
Content Summary	Poor- noticeably incomplete 2	4	Partial 6	Missing one significant point 8	Complete & Accurate 10	
Readability	Organization of content needs reworking 2	4	Appropriate order of sections 6	8	Smooth transitions, easy to follow 10	
Grammar /spelling errors	>seven errors 1	six-seven 2	four-five 3	two-three 4	No errors 5	
Incorporated responses to questions	not evident 0	Evidence of attempt 4	Responded to the questions 6		Well thought out responses are clearly evident 10	
Conclusions	Poor- noticeably incomplete 2	4	Partial 6	8	Appropriate 10
