

**Honoring Bio 200  
Fall 2006**

**Guidelines for writing assignments necessary to honorize Bio 200:**

Write a 2-3 page synopsis for each of the six assigned articles. As part of each assignment, you should include an interpretation of how this research/topic/concept may impact future investigations. After each review, you will be given an opportunity to revise your paper before a final grade will be assigned. Bio 200 be considered “honorized” if the final grade assigned to each of the six papers averages to at least 90%. The scores earned on these papers will not be included in your final grade for Bio 200. All work must be completed by Dec 6, 2006.

**Guidelines for synopsis grading**

**Title of article:**

**Date:**

	Descriptive range					
	Poor- noticeably incomplete		Partial	Missing one significant point	Complete & Accurate	Section Score
Content Summary	2	4	6	8	10	
Readability	Organization of content needs reworking		Appropriate order of sections		Smooth transitions, easy to follow	
Grammar /spelling errors	>seven errors	six-seven	four-five	two-three	No errors	
Incorporated responses to questions	not evident	Evidence of attempt	Responded to the questions		Well thought out responses are clearly evident	
Conclusions	Poor- noticeably incomplete		Partial		Appropriate	
	2	4	6	8	10	
					Total pts earned
