

**Berry College Summer International Programs**  
**Student Airfare Waiver for Programs Including International Airfare**

Only by signing below may I indicate that I do **NOT** wish to obtain an airline ticket through the Berry College Summer International Program (SIP) and that I am 100% responsible for making my flight/travel arrangements and purchasing my round trip travel. My program cost will be lowered by the entire amount of the program's airfare only if the balance is not less than the cost of tuition and credit hour fee. If the balance is less, the program airfare will be reduced by the amount that results in the program cost of tuition and credit hour fee. A reduction in program cost cannot be guaranteed if tickets have already been purchased by Berry College for the program participants. If a reduction is warranted, it will not be applied to the initial deposit.

I understand that it is my responsibility to arrange and pay for round trip travel to and from the location of my SIP. I will ensure that my faculty director(s) are informed of my flight details in writing at least one month prior to the program's start. Further I will notify my faculty director(s) if my flight is cancelled or delayed. In the event of disruption or cancellation of my individual travel arrangements which affect my participation in the SIP or any of the scheduled programs or events, I understand no refunds or credits of any fees paid for the program will be given.

I also understand that I am responsible for discussing with my faculty director(s) and submitting to them in writing my plans to reach the accommodation once I arrive in the host country.
