SKILLS

Interpersonal : Motivated students into giving their best at learning the language and keeping them engaged beyond time spent in the classroom in groups of 5 to 30

Organizational : Prepared courses independently, researched extra material and delivered it all according to the time-line set in the syllabus – which includes up to 5 courses per semester

Creative : Tried out new ideas in class, as for ex. working with play-dough when learning the names of furniture and disposing it in rooms set out on paper - to which students responded unanimously with surprise, laughter and a high degree of interest

Technical : Adapted newly learned IT skills to the courses so that the students may keep engaged with the language beyond the time spent in class (integrating Youtube on GaView Vista, presenting effective and interactive powerpoints, creating discussion boards, learning D2L and VikingWeb)
